

Two other suggestions made: 1. To make a dead end out of Mayfield St. having the entrance to it off of Woodstock St. 2. Resident parking only, Residents would have special parking passes to place in their car window that would allow them to park on the street.

15 of 24 houses surveyed

Two of the 24 homes were not occupied at time of survey.

All residents of Mayfield St. are strongly against having the Green space turned in to a parking lot. We all use the space for something at some time or other.

I believe the value of the neighborhood would decrease and it would become a less desirable place to live if the green space was changed in to a parking lot. Most people feel that the parking issues should be taken care of by opening parking up on Winton road for the businesses. After all that is not a residential street. Also many people expressed the need for the police to enforce the parking rules and ticket the patrons of Winton Rd. who park illegally. This is not because we want to discourage business for Winton Rd. businesses, but because we feel our street and homes are not the place for the parking to be solved.

They following three pages show survey and results for each question.

Mayfield St. Traffic and Parking Survey

Address:

Hi I am taking a short survey for the Winton/Mayfield St. Parking Committee. They would like to get your thoughts on Parking in your neighborhood.

1 = Very satisfied 2 3 4 5 = Not satisfied

How satisfied are you with parking on Mayfield St. ?

1 2 3 4 5

Could you make a short statement that describes your thoughts about Mayfield St. Parking?

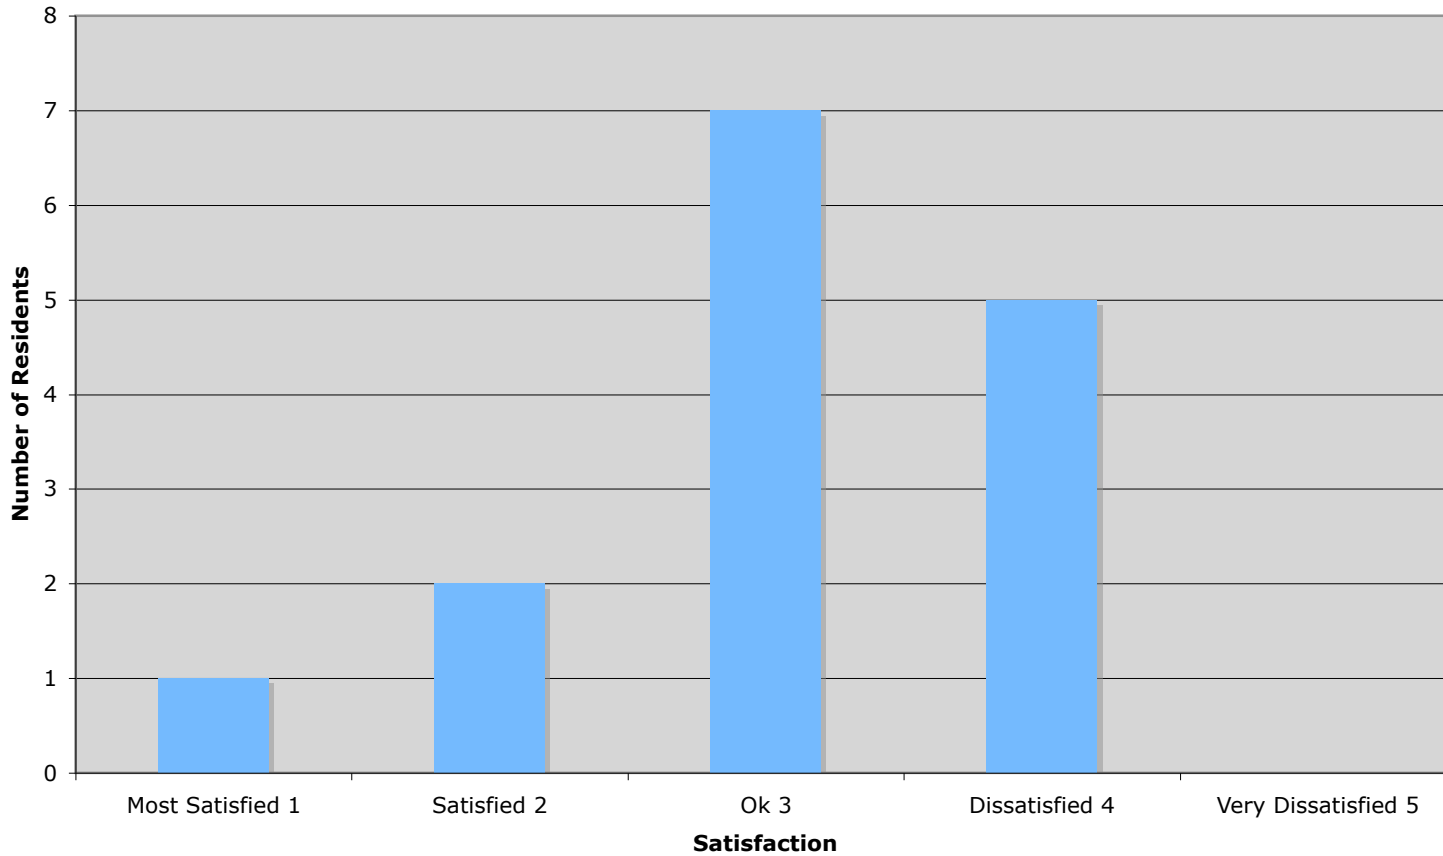

If parking were to change on Mayfield St. what would be your choice?

1. Parking on one side of Mayfield St. for the entire length of the Street.
2. No parking on Mayfield St.
3. One way traffic pattern towards Winton Rd. with parking on one side of street.
4. Build a parking lot in the green space on Mayfield St.

Considering Mayfield St. green space, parking, & traffic do you have any other solutions to improve the current conditions?
